

I don't want your money, I WANT YOUR BUSINESS!

Bob Thomas, President

“When everything seems to be going against you, remember that the airplane takes off against the wind, not with it.”

Henry Ford

These are difficult times. It seems to many of us, that in their attempt to bolster our economy, the government is rewarding corporate failure. By investing taxpayer dollars in failed enterprises, is our government leaving successful corporations at an unfair, competitive disadvantage in the marketplace?

At Bob Thomas Ford, we know how important it is to earn your business every single day. That's why we keep our sales department open 7 days a week, and our service department is here to serve you Monday through Saturday. Like Ford Motor Company, we don't expect anything for free. We don't want a taxpayer bailout, and we don't want the government telling us how to run our business.

For 106 years Ford Motor Company has been a rock solid anchor to the American free enterprise system. Today, we stand alone as the only independent American car manufacturer still operating without government assistance. If that means something to you, if you still believe that a Company that takes responsibility for its own survival is worthy of your respect, if you believe that the hard earned money you spend on your next car should be returned to the American economy rather than the economy of some far away land, then I suggest that Ford Motor Company is the right choice for you.

For 31 years, Bob Thomas Ford has been Greater New Haven's Ford Dealer of choice. We sell Fords, and only Fords. We are proud to sell the safest, highest quality cars and trucks available anywhere in the United States. At Bob Thomas Ford, nothing is more important than our customers.

We want your business.

Bob Thomas
